

The John Milton Hay Endowment Fund – Planned Giving

For all of us who support and care about The John Hay Estate at The Fells, it is important that we know this local treasure will continue to thrive here forever on the shore of Lake Sunapee. The Endowment Fund provides funding, in perpetuity, which will ensure we continue to share information on the Hay Family, history, gardens, and nature with future generations. Please help us ‘Secure our Future’ by including us in your estate plan.
